

### REUSABLE MOP PAD

Do you have a mop that requires disposable pads for each use? If so, try making your own with any rag you have at home or buying a reusable mop pad!

### REUSABLE BOTTLE AND MUGS

Use a reusable bottle or mug for your beverages as much as possible.

### SPEAK UP

Send a message to the company who produces your favourite product to switch from non-recyclable to recyclable packaging.

### REPURPOSING PLASTIC BAGS

You can turn them into rope or take it a step further and make bowls and baskets. Watch [this](#) tutorial to see how.

### MAKE A "FOG" MONSTER!

When cooking with fats, oils & grease these 3 components are known as FOG. Instead of pouring them down the drain, pour and store in a container. Add googly eyes and turn your container into a FOG monster!

### CONTINUE THE CONVERSATION

The ideas to reduce plastic don't stop here. Do you have a favourite tip or another to add? Tell your friends and help inspire more change and less plastic!
